Email Address: kazimhassan460@gmail.com

Postal Address: AB Computers Near Parashan Chowk Skardu, Pakistan

Profile Info:

As a recent graduate excited about teaching, I bring a fresh approach to the classroom. I'm committed to making learning fun and staying updated on the latest teaching methods. I'm enthusiastic, adaptable, and ready to create a positive and engaging environment for students to thrive.

Education & Final Year Project

BS-Computer Science (19th August 2019 – 12th May 2023)

University Of Baltistan Skardu

CGPA:(3.68/4.0) 77% (1st Division)

FINAL YEAR PROJECT OF MY GRADUATION

Development of a robust insurance application using React Native and JavaScript, revolutionizing insurance agents' workflows and enhancing efficiency in client interactions.

Transforming Insurance Workflows:

Digitized manual insurance processes using React Native, simplifying workflows and enhancing efficiency for agents. Created a user-friendly application for seamless digital interactions.

Higher Secondary School Certificate (HSSC)

F. Sc (ICS (Intermediate in Computer Science) 28th August 2017 – 19th August 2019

Midcity Educators School and College Skardu

Major Subjects: Computer, Math & Physics.

Marks: 678/1100 (2nd Division)

Computer Teacher (The Base Academy Skardu) (15th November 2023 - Continue)

Responsibilities: I teach computer subjects to students from grades 1 to 12. I make learning fun and create easy-to-use digital materials for all age groups, ensuring a positive and engaging experience in my classes.

Academy Location: Hassan Colony and Guidance House Public School

Computer Teacher (The Youth Digital Academy) (Currently engaged 2024)

Responsibilities: As a course instructor at The Youth Digital Academy Skardu, I specialize in teaching computer subjects to students from grades 9 to 12. Additionally, I provide instruction in basic computer courses, ensuring a comprehensive learning experience. My focus is on making the learning process enjoyable, and I design user-friendly digital materials customized for each age group. I am dedicated to providing a positive and engaging educational experience for all my students.

Academy Location: Near Pareshan Chowk Skardu

Internee (Anchan Technologies) (05th December 2022 – September 2023)

UI/UX and Video Editor

UI/UX: I was responsible for making our digital products easy to use by creating nice and user-friendly designs. I worked on everything from the initial ideas to the actual designs to make sure our products look good and are easy for people to use.

Check Samples here: [kazimhassan.me](https://www.kazimhassan.me)

Video Editor: I was in charge of making videos that highlight our company's services. I handled everything from coming up with ideas to writing scripts and editing videos to make sure they look interesting and showcase what we offer.
